Cambridge University Press/Foundation Books, 2006. Softcover. Book Condition: New. First edition. Tests and Their Worlds II (European and Non-European Writing: An Introduction) attempts to introduce students to literatures of European and non-European nations. The selections provide a sampling of diverse texts which open windows into the worlds in which they were created. they bid the reader to think, to understand and, most importantly, to deploy these ideas beyond the classroom. The book is oriented towards examining both European and non-European writing, with issues, styles, concerns and techniques specific to region, nation and culture. It includes both the canonical writings of Western Europe, as well as the less represented writings from Eastern Europe, Africa, Latin America, Australia and the West Indies.
