*It is just one of my personal favorite books. I was able to comprehend every little thing out of this published publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.When you think back on your childhood experiences at church, how many of those times were you bored while an adult talked? With this great new guide, Malissa Zamora wants to give you a good system for teaching Christianity-and by good we mean doable, affordable and memorable. The craft activities get kids engaged, allow them to explore their creativity and create meaning. The kids then can easily make a connection between the themes of the activities and the central Bible verses for each lesson. Using simple items that you have around your house or classroom, this guide gives you innovative ways to get your message across that will channel the kids energy into absorbing the ideas you want them to learn. This book covers a full calendar year, regardless of when you choose to start, which gives you plenty of time to really build momentum and forge a full picture of Christianity. Today s kids need more than do s and don ts to live lives of spiritual success. These lesson plans are the tool you need to make God real to them and show them what living for Him really means.
