Brand New Book ***** Print on Demand *****.Facebook is the largest, most dominant social networking platform with over 1.3 billion active monthly users worldwide, and 864 million users connecting every single day. If you are an entrepreneur, professional, business owner of any type, industry, or size, or have an online venture of any kind (blogger, artist, information marketer, product creator, app developer) no other platform gives you the power to connect, engage, influence and target your prospects and customers and reach more people, on more devices than anywhere else. Dive deep into what truly sets Facebook apart - audience targeting - and how you can use this to define your ideal market, tailor your message, and harness Facebook's power to grow your customers, sales, and profits. We explore Facebook's audience selection options in depth, including location and demographics, interests, behaviors, connections, custom audiences, lookalike audiences, and retargeting. We also cover powerful market research strategies to help you define and identify your perfect...
