English . Brand New Book. There is a near-universal folk saying that everyone wishes to live a good long life, but no one wishes for old age. More contemporarily, the rock and roll band, Little Feat, sang, You know that you re over the hill when your mind s making promises your body can t fill. This book is about the good long life. It is a book about primary prevention strategies in the aging process; it is not about preventing that process. It is not about being old. Instead, it is about the things that individuals - and the helping professionals who provide them with counsel and assistance - can do to prevent the preventable problems of advancing age, and to better manage those changes in functioning that cannot be prevented. In short, it is about extending all our capacities to the fullest so that we can better keep all those promises that we make to ourselves and others. Aging is a life-long process. We focus here on the changes that are taking place in our selves and in our society as we age....
