

Student s Manual of Electro-Therapeutics, Vol. 5 (Classic Reprint) (Paperback)

Filesize: 9.58 MB

Reviews

This ebook is fantastic. It is probably the most awesome book i actually have read. I found out this ebook from my i and dad suggested this book to understand.

(Ethel Mills)

STUDENT S MANUAL OF ELECTRO-THERAPEUTICS, VOL. 5 (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Student s Manual of Electro-Therapeutics, Vol. 5 This little book is presented to the medical public, chiefly as a protest against the mysticism and charlatanry which have ever hung around the literature and practice of electro-therapeutics. As our scientific knowledge of other therapeutic procedures developed, they gradually escaped from the thralldom of quackery. Not so with electricity. Its showiness, its instantaneous and startling physiological effects, and its name, popularly synonymous with life, have long and will long continue to make it a fashionable remedy, a cure-all for imaginary diseases, a popular placebo, a gold mine for charlatans and symptom-treating physicians, who let their patients make the diagnosis and suggest the treatment. Never does the question, Was my patient cured or did he get well? About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
