## HOW S MY DRIVING?: WHY EVERY OTHER DRIVER DOESN T SEEM TO HAVE A CLUE! (PAPERBACK)

Outskirts Press, United States, 2009. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Driving fatalities are the NUMBER ONE cause for young driver deaths in the United States today! There is no other cause that is even remotely a close second. This book is a MUST read for any parent that has a new, young driver or will soon have young drivers in their household. Once the parent has read the book, they will see that their young driver, when they read it, will be exposed to things that will positively benefit them without the pain of personal, life altering, injury. The unfortunate reason for the staggering death statistic each year is that most young drivers today are bombarded with multiple distractions to all of their senses. One common thread that they don t realize is their own early natural caution when they first start to drive alone produces successes with driving a car. Once they have driven safely for a week or so by themselves, they become convinced that they can do anything while they drive. As additional activities are added, seemingly with no adverse effects, to their driving environment, their perceived capabilities grow exponentially. Add to that their natural tendency to believe that anything bad will only happen to someone or anyone else, and a recipe for a family disaster exists. While statistics abound supporting driving as an especially dangerous task for young drivers, there are no statistics that can be given to show these drivers the accidents that they avoid by being properly prepared and cautious. The statistics also don t point out how a near miss changes a young driver s confidence or caution toward the task of driving. Unfortunately, the only statistic we have...
